She was one of the first doctors to join Fernandez Hospital and established the Foetal Medicine department in the hospital in 1998 at a time when the field was only beginning to emerge, a press release said. The department established by Dr Geeta deals with the screening, diagnosis, and treatment of disorders in the foetus and it trains doctors and offers fellowships in Foetal Medicine.

Vice chancellor, Kaloji Narayana Rao University of Health Sciences (KNRUHS), Warangal, Dr B Karunakar Reddy, who presented the award to Dr Geeta Kolar, and other senior doctors were present.
