

# Our Manifesto

We Believe...

## **We Believe**

All life is deserving and beautiful  
Brought to us by God

## **We Believe**

We are chosen to serve  
To make this natural experience  
A joyful and memorable one  
For every mother

## **We Believe**

We can be the enabler of  
this moment  
With dignity and sensitivity  
Irrespective of where they  
are from  
Or what they do

## **We Believe**

Every mother has the right  
To listen to her body  
To be heard  
And to make her decision

## **We Believe**

Every woman deserves  
To initiate the lifelong bond  
Between mother and child  
Without anxiety, without  
separation

## **We Believe**

Birth is Blissful  
The beginning of motherhood  
A first of many more moments  
to come
