

# Reduce the risk of Coronavirus (COVID-19) Infection

## Follow these important precautions

Coronavirus is a new disease which is happening in China and has affected other countries. The virus has flu like symptoms such as:

1 Fever

2 Cough

3 Difficulty in breathing

If you have returned from China or any other affected countries and suffering from any of the above symptoms, get yourself tested for confirmation. For testing, call the Ministry of Health & Family Welfare, Telangana

**Help Line: 040-24651119**

If you have returned from China or any other affected countries or have been in contact with any person suspected to be affected by Corona Virus, then stop your contact with others and follow these important steps:

1

Limit contact with everybody for the next 14 days and sleep in a separate room

2

Cover your nose and mouth while sneezing

3

Wash your hands with soap regularly

4

Stay far away from persons who have cough, cold and fever

If you have cough, fever or difficulty in breathing, contact a doctor immediately

### Virus affected countries

China, Japan, South Korea, Iran, Thailand, Italy, Singapore, Malaysia, Vietnam, Indonesia, Nepal etc.,

**Stay protected!** **Stay safe from Coronavirus!**
